Barriers to Progress

How Start Smart For Your Baby Solves for Barriers

EARLY IDENTIFICATION

Start Smart For Your Baby (SSFB) is a free, evidence-based, and research-based program that helps parents identify and address their child's developmental delays. The program is designed to be used by parents and healthcare providers. It includes a variety of resources, such as videos, articles, and worksheets, that help parents understand their child's needs and how to support their development. The program is available in both English and Spanish. It is a free, evidence-based, and research-based program that helps parents identify and address their child's developmental delays. The program is designed to be used by parents and healthcare providers. It includes a variety of resources, such as videos, articles, and worksheets, that help parents understand their child's needs and how to support their development. The program is available in both English and Spanish.

HEALTH EDUCATION

SSFB provides health education for parents and healthcare providers. It includes information on a variety of topics, such as nutrition, safety, and mental health. The program is designed to be used by parents and healthcare providers. It includes a variety of resources, such as videos, articles, and worksheets, that help parents understand their child's needs and how to support their development. The program is available in both English and Spanish.
